CRXMARKETS

Working Student / Intern (m/f) in IT

Location: Munich

Are you passionate about technology and the disruption of the financial industry? We at CRX Markets are constantly seeking creative thinkers. We are offering the possibility to step up your professional development through hands-on experience in a state-of-the-art FinTech environment. Our platform is built for the cloud ensuring high scalability and resilience, and integrates with external systems via heavy duty middleware. We've already attracted some of the largest multinational corporates, but to stay ahead of the game we need to further drive innovation and are therefore looking for the best talents to join our team.

Your Role

▸ Become a part of the CRX Software Development Team & work together with experienced professionals

▸ Participate in testing, deploying and running of the CRX Platform

▸ Manage and improve IT environment of the company, especially CI/CD pipeline, monitoring, business intelligence applications, and other components of the development infrastructure

▸ Improve processes and documentation of the CRX IT ecosystem

Your Profile

▸ At least three terms of university education within IT, Mathematics, Physics, or other related fields

▸ You are highly intelligent, eager to learn the art of programming and are willing to strive for elegant solutions

▸ You enjoy working in a fast-paced environment, where attention to detail is critical

▸ You have hands-on experience with some of the following technologies:

    ▸ Java software development
    ▸ Python scripting
    ▸ Automation/ virtualization/ containerization
    ▸ Continuous Integration/ Delivery
    ▸ Automated Web Testing

Our Offer

This position provides the opportunity to be part of a great team, driving technological innovation which is changing the financial industry. You will encounter an exciting working environment with smart and engaged colleagues. Together we will master exciting technical challenges with cutting-edge software development. The position is vacant as of now. The assignment for a Working Student would be 10-20 hours per week.

Are you up for the challenge? Please upload your documents including CV, cover letter and your earliest possible starting date using our online application form.
