

## Data Engineer (m/w)

Location: Munich

Are you passionate about technology and the disruption of the financial industry? We at CRX Markets are constantly seeking creative thinkers. We are offering the possibility to step up your professional development through hands-on experience in a state-of-the-art FinTech environment. Our platform is built for the cloud ensuring high scalability and resilience, and integrates with external systems via heavy duty middleware. We've already attracted some of the largest multinational corporates, but to stay ahead of the game we constantly drive innovation and are therefore looking for the best talents to join our team.

### Your Role

- ▶ Develop data infrastructure with pipelines for batch and stream processing including ingestion, collection, storage, query and visualization layer
- ▶ Design data model which hierarchically transforms operational data to business information
- ▶ Maintain BI platform and manage reporting processes
- ▶ Participate in internal data-driven R&D projects
- ▶ Develop ML applications with a focus on data integration, algorithm implementation and performance optimization

### Your Profile

- ▶ Proficient in working with big data frameworks such as Hadoop, Spark, Storm, Flink and Kafka
- ▶ Expertise in SQL and knowledge of querying tools such as Impala and Hive
- ▶ Experience with NoSQL databases, such as MongoDB, Cassandra and HBase
- ▶ Expertise in data-processing architectures, data warehouse modelling and ETL processes
- ▶ Good knowledge of cloud ecosystem and cloud-based architectures
- ▶ Sound understanding of machine learning algorithms and their implementation
- ▶ Highly adaptive to new technologies

Although this profile describes our expectation for a well-established data engineer, we are just as much looking forward to receive applications from candidates who may only partially match the profile but are aspiring to bridge the gap and highly resilient to technical challenges.

### Our Offer

This position provides the opportunity to be part of a great team in a high-paced FinTech environment. You get the unique chance to push your career by gaining first-hand business experience from a network of the most innovative and capable minds in the German finance industry. While aligning CRX's long-term goals with our employees' compensation, we offer an attractive package with several perks and benefits, including a share option program.

Are you up for the challenge? Please upload your documents including CV, cover letter, salary expectations and your earliest possible starting date using our [online application form](#).
