

Intern Process Automation in Python (m/f)

Location: Munich

As an innovative fintech company with talented and highly motivated employees, we are looking for like-minded, performance-oriented team players for an interdisciplinary Python project in the Client Operations department. As a project intern, you work closely with experienced colleagues in the areas of *Client Operations*, *Product* and *IT*. You will collect and specify relevant requirements and develop a Python-based suite for process support in the areas of customer onboarding, security issuance & settlement as well as reporting. You will get to know the CRX product down to the smallest detail, have the chance to contribute your ideas and grow together with the project. You will get deep insights into the onboarding of new customers as well as the auction, issuance and settlement process of our securities and make a valuable contribution to the further development of the product.

Your Role

- ▶ Analyse the CRX process flows and get to know the CRX product in detail
- ▶ Collect and specify requirements for software to be developed in close cooperation with experienced colleagues from Operations, Product and IT
- ▶ Manage the development of a Python-based suite for process automation, accompany the project from the very beginning to go-live. A Python-experienced mentor can support you
- ▶ Contribute your own ideas for continuous process improvement and development of the Client Operations department

Your Profile

- ▶ Studies in business administration / economics with a major in computer science, business informatics or similar
- ▶ IT affinity and (very) good knowledge of Python and MS Excel
- ▶ High level of apprehension and fast learner
- ▶ Very good English skills, German skills are a plus
- ▶ Diligent, well-organized way of working
- ▶ Excellent analytical skills
- ▶ Entrepreneurial thinking
- ▶ Interest in Fixed Income Securities, Treasury and Financial Markets

What we offer

The position offers you the extraordinary chance to become part of the growth of a successful FinTech. As a highly motivated intern, you will make an important contribution to the advancement of the Client Operations department and have the opportunity to qualify for a subsequent permanent role. The position is available immediately and shall be filled for 6 months at our office in Hirschgarten, Munich.

Are you up for the challenge? Please upload your documents including CV, cover letter and your earliest possible starting date using our [online application form](#).
